### Description

Due to shortage of certain lubricant articles, hedge trimmers will be delivered for a limited time without the additional grease tube in box. Hence, the Product overview in the Operator's manual is adjusted with tape patches to cover "22. Tube of grease". Note that the hedge trimmer gearbox is still filled with correct grease from factory.

We apologize for the inconvenience.

Red arrows in the picture below show the tape patches covering "22. Tube of grease".
